

1/26/16

We Discussed...

- The termination and suspension rate on campus. Each case is different depending on what happened. The students having information that staff do not have and vice versa.
- Talking to the kids who want to come back to Hanna and talk to them about how they want to change. Also with new students, we need to talk to them and get to see how they want to act in the program.
- Have boys shadow other boys before coming to Hanna so they get a feel about how Hanna life is like.
- Creating a mentor program for the student body.
- 2 minute passing periods is still being a problem. This cannot be changed due to the bell schedule and the amount of time we have in school.

Announcement:

- We are meeting with Mr. Farragher to discuss the direction Hanna is going (On 2/3/16 at 2:05 - 2:30 in Rm.7). You are welcome to join the meeting. We would prefer if you have been part of the program for 2 years or longer.
